## On Site Visitor: **KPETS Keystone Pet Enhanced Therapy Services**

Promoting the healing and rehabilitating benefits for the human/animal bond

Dear Parents:

The Mount Airy Daycare and Learning Center will be participating in the Keystone Pet Enhanced Therapy Services (KPET) bookPET program. This program is dedicated to improving the reading skills of children using registered therapy teams (a trained volunteer with his/her pet) as literacy mentors.

Handlers and their dogs will work with individual students on a one-on-one basis for approximately 15-20 minutes each per week. This permission form is to let you know that there will be KPET therapy dogs at the Mount Airy Daycare and Learning Center. The dogs and their handlers have been insured for liability and have training and registration to do animal-assisted therapy.

Participation in this program will not begin until your written permission is received. You also have the right to refuse participation in this program. This is a FREE program offered to Mt. Airy Daycare and Learning Center families.

Please sign below and return to your child's teacher. More information will be coming out soon!
